## **Galvanising Leeds** **Towards a Hate Free City**

*14<sup>th</sup> June 2018, 10am - 4pm - City Centre Venue*

Hate Crime is on the rise...  
spurred on by recent events and national and international rhetoric.

Perhaps surprisingly, the largest increases in reports of Hate Crime are for Disability and Transgender related motivations. Even so, **it is universally accepted that Hate Crime is vastly under reported**, particularly for those communities who cite the number of incidents and difficulty in reporting as barriers.

Our **conference will bring together communities and organisations** across and beyond the monitored strands (Disability, Gender Identity, Race, Ethnicity or Nationality, Religion, Faith or Belief, and Sexual Orientation) and will also include sub culture, misogyny and honour crime etc.

The conference will address a number of key themes including: Transport, Public Spaces, Confidence in Reporting, Who is Monitored and Online Hate.

This is a unique opportunity to promote community cohesion and Galvanise Leeds. Refreshments and a buffet lunch will be provided.

For more information about this conference and to reserve your **FREE** place please email: [info@stophateuk.org](mailto:info@stophateuk.org) by Friday 18<sup>th</sup> May 2018 as places are limited.
