

# The Information Group

## The aim of the Information group

To maintain a Blog for sharing information on local Migration issues, where anyone can share information, and which is available to everyone who wants it either online or as a e-newsletter

## Voice and Influence

The Blog and e-newsletter is a way for members – including local Migrant community groups – to advertise their activities.

We use the Blog to share information on local issues affecting migrants and the groups that support them, to ask people's opinions, and to gather evidence on matters of shared interest.

## What does the information Group do?

We provide content for [migrationpartnership.org.uk](http://migrationpartnership.org.uk) and keep the website and newsletter running

The website is where all information relating to the Partnership is kept, as well information shared by members.

Members will also be able to sign up to a weekly/daily newsletter.

## Who can join?

The Information Group is made up of people who share information via the website, or who sign up for regular updates.

Anyone can do this.

If you are interested in helping to make sure all the posts are on-topic and relevant, please contact [information@migrationpartnership.org.uk](mailto:information@migrationpartnership.org.uk) will be happy to provide you with training on how to use the website and a login

## What level of commitment is required?

Members subscribe and choose the level of information they want, in the format they want it.

The Information Group Organiser arranges a small rota of people to moderate posts, to ensure content remains on topic.

If you're interested in joining the rota, please contact [information@migrationpartnership.org.uk](mailto:information@migrationpartnership.org.uk)

## Are there rules about what I can post?

- One off – we won't repeat content
